### ELEVEN TO EIGHT.

Portsmouth losses to Norfolk in a Hard-Hitting Contest.

The first game of the season between the rejuvenated Virginia League was played yesterday afternoon before a small attendance, and Norfolk won by a score of 11 to 8.

The two teams put up a fast one, and they deserved for a better patronage, and the "rooters" should encourage them, particularly as ten per cent. of the gate receipts is set aside as a fund for the players.

The League is now in a somewhat better position, and the article of the boys are now putting up with doubtless receive interest in the contest between the two old-time rivals. While it is a fact that the players have been gone, other fast young players have come in to fill their places and will soon become as popular as the men they replace. In many respects both teams have strengthened, and they are now more nearly evenly matched than ever, and as the season will surely be played out by the teams representing Portsmouth and Norfolk, the "rooters" may be sure of seeing baseball in all its glory.

Lutich and Tierney were played against each other on the slab, and neither was particularly effective, each allowing thirteen hits for a total of seven runs and seven errors, respectively. Tierney was steady, but he received better support, so Norfolk won on the merits of the game. It was a very interesting contest, and this is how it happened.

Norfolk went to bat first, and Spratt led off with a single. Jim Smith sacrificed him to second, but the next two were easy. In the second, Beaumont led with a hit, advanced on Sullivan's sacrifice and scored on a passed ball. Pulfisler and Nelson drew free passes, the former scoring on Tierney's hit, Nelson scoring on Spratt's hit, Tierney taking third. Spratt scored second, and both scored on Jim Smith's single. Norfolk could not score again until the seventh, when one run tallied on Clark's fumble of Jim Smith's hot one, John Smith's out and Armstrong's single. Four scores came in in the eighth, Sullivan advancing on a triple, Pulfisler was an easy out, but Nelson got a double. Tierney was out on a fly to Hulsitt, then Spratt, Jim Smith and John Smith singled successively. They got two more in the ninth, on two errors and Tierney's double.

Portsmouth could not score in the first inning, but in the second Kemmer scored on Sullivan's two errors and a sacrifice, and an out. Kemmer led off in the fourth with a double, but could not get further than third, although Clarke drew a base and scored second in the same inning. A run tallied on the fifth, Lutich hitting a life on Armstrong's error and scoring on Byers' beauty for three bases. Byers was left, as the next two men were easy outs. Three hits in the seventh produced one more run, and in the ninth Portsmouth made a strong bid for the game by good, hard team hitting, but the lead was too great to be overcome. Lutich was first at bat and got a double; Kohlie singled, and Tapp's drive for three socks cleared the bases. Murray's pretty double scored Rapp, and Murray tallied on Hulsitt's single; then Clarke went out, Jim Smith to Beaumont, and it was all over.

**Missouri Democrats.**

(By Telegraph to Virginian-Pilot.)

Sedalia, Mo., July 17.—Judge James B. Gant, of Clinton, Henry County, was nominated by acclamation for Judge of the Supreme Court by the State Democratic Judicial Convention here to-day.

Congressman Deamond, who was temporary chairman, spoke briefly. The Kansas City platform, he said, rightly put in "allism down as the chief issue of the campaign. The outbreak in China, he continued, calls for prompt patriotic action.

This outbreak and the condition in which we now find ourselves," he declared, "illustrates the philosophy of our party, that it is the duty of the government to attend to its own business and the interests of its own people, and avoid entanglements abroad. We must act as an American nation, not as a party of any aggregation, not as a faction of some great European performance."

### Vesuvius Has Lost Its Cone.

The fiery crater of Vesuvius, now suddenly silent, was explored by some scientists, and they declared that the cone had disappeared. Several theories are propounded as to why the eruption ceased at a time when the output was the strongest. One regarding the disappearance of the cone. The general belief is that the cessation was due to subsidence, and which is looked upon as a presidential. Such a happening was as unexpected as stomach disorders with which people suddenly find themselves afflicted. Slight symptoms are neglected until they become chronic. The remedy to take at the slightest disturbance of the digestion is Hostetter's Stomach Bitters. This is a valuable medicine, absolutely unexcelled in all cases of constipation, indigestion, biliousness, or malaria, fever and ague. It builds the body, drives out the bowels, increasing the flow of gastric juices and improving the appetite. Be sure to give it a trial.
